

2021 CASTOREUM UPDATE

PRICES SHOWN IN CANADIAN DOLLARS

High demand from several world markets sent FHA’s castoreum shippers payouts to record highs last year. This was the 6th consecutive year castoreum saw year over year payout price increases. Although FHA sold a record quantity of castoreum last year, prices still spiked roughly 25% over 2019 levels.

We expect prices will remain very strong in 2021. We encourage our shippers to take advantage of this hot market and include their castoreum with their fur shipment. We would like to congratulate our shippers that sent their castoreum harvest to us as you sold at the highest price ever.
