ALL FHA FUR PICK-UPS POSTPONED

Effective immediately all Canadian and United States fur pick-ups are CANCELLED. Due to the increased threat of the COVID19 Virus we do not want to put in danger our pick up agents and the trappers of this continent. Routes will be rescheduled and posted once the situation is under control. We hope to be in a position to reschedule our routes later this spring and hold a September Auction.

Trappers are the most self sufficient independent breed alive and all of us here at Fur Harvesters Auction Inc North Bay wishes you all safe harbor until this subsides.

Respectfully,

Mark Downey
Chief Executive Officer
