

SALE RESULTS – MARCH 22 - 24, 2024 ***PRICES SHOWN IN CANADIAN DOLLARS***

Fur Harvesters Auction Inc is proud to announce the following results of an extremely successful auction. The international fur trade supported us with an all time record attendance keeping our auction room full at all times.

Prior to our selling the two Russian auction houses realized price increases from 30 to 35% on sable with very strong clearances. The largest sizes saw the softer increase compared to all other sizes.

Our sable auction mirrored the St. Petersburg auction in the end with a 45% increase over May 2023. The larger sizes brought 35% over 2023, with the XL and down seeing much stronger increases. It was the largest buyer attendance we have ever had and competition was fierce throughout with Italy, Greece, China and Korea all wading in. These results will boost production for next year as buyers need bigger quantities.

Beaver advanced with better goods selling into the garment market. All heavy and semi shearable grades advanced +20% over 2023. The smaller sizes advanced 30% over 2023 for the shearable grades, as did the slight damaged grades. Competition on our beaver collection was very active and widespread across the globe. Most trapper collections will average between \$45 to \$50 plus CND.

Fisher advanced 50% over 2023 with a 100% clearance.

Wild Mink took a very strong rise, well over 100% from May 2023. Italy was a big buyer for the better mink, at levels from \$26 to \$31 at 100% clearance.

Lynx advanced 23% with the greatest increase in the off colours and a clearance of 99%.

Eastern lynx cats sold extremely strong at a 100% clearance. The same was the case for the northern section. Central cats sold well with close to 100% clearance. Our western collection was made up of mostly last year's unsold goods. The results speak for themselves with an overall average of \$501 and many lots selling over \$1,000. A 95% clearance was achieved with Italy, Greece, Europe and China aggressively competing throughout the cat sale.

The next sale is highly anticipated as the global trade is well aware that FHA will have the largest collection of fresh cats to be found anywhere in the world on our upcoming June 2024 auction

To all our shippers, we are very optimistic for our next auction and thank you all for your growing support.
