**COYOTES SHINE ON SECOND DAY OF FHA AUCTION
MUSKRATS ALSO SHOW STRENGTH**

Heavy western coyotes sold 100% at an average price of \$98.52 USD (approx \$120 CDN) with a top price of \$148 USD (\$180CDN) on day 2 of FHA's April auction.

Heavy-semi eastern coyotes sold 75% and averaged \$45.68 USD (approx \$56 CDN), with a top price of \$99 USD (\$121 CDN).

Muskrats sold 100% at a \$5.12 USD average (approx \$6.25 CDN).

We are very pleased with the strong support from the international fur trade, with almost 200 buyers registered and actively participating.

The auction continues until April 20, at which time a full report will be prepared.
