### **Fur Harvesters Auction's June 23rd - 27th, 2022**

Fur Harvesters Auction Inc. upcoming June sale will once again be conducted through our online selling platform. The global events currently taking place make it impossible for FHA to consider hosting a traditional auction. The travel restrictions due to Covid make it impossible for many customers to attend.

The Russian invasion of Ukraine continues and both of these countries are important players in the fur business.

Any and all buyers interested and able to attend our show days are once again very welcome to come, as was the case at our past March 2022 auction. Inspection will run from June 19th through to the 22nd.

We look forward to the time when we can return to live sales and greatly appreciate the support and understanding the global fur trade continues to show us.
